**RANCHO CORDOVA**  
CALIFORNIA

**COMPLETE  
RECYCLING  
GUIDE**

**For Rancho Cordova Residents**

# Your Recycling Guide

## “One person’s trash is another’s treasure!”

**T**he City of Rancho Cordova is committed to reducing the amount of trash going to the landfills. We are pleased to offer this recycling guide with the most accurate and up-to-date information available.

Many items you thought were in the trash can actually be used by others. Please take time to look through this guide to find locations that might help you get rid of unwanted materials by recycling them.

Remember, it is very important that you call ahead before going to one of the businesses or agencies listed in this guide. Why?

- Save time— you can verify exactly what is acceptable and check to see if a drop off is free or if a fee is charged; for example, some listings have both F (fee) and NF (no fee) given that certain items accepted are free while other items may be charged a fee.
- Business closures— due to changing circumstances, many businesses are changing hours or locations or simply closing.
- Market changes— supply and demand, e.g., commodities fluctuation, availability, etc.
- Materials accepted may change— what was acceptable a week or month prior may change and no longer be acceptable.
- Construction and demolition may be restricted to just metal/sheetrock or gravel, asphalt, and dirt.

Also remember you have the opportunity to place large items out for one of your bulky item (“Dial Before You Pile”) pickups. Call Republic Services at (916) 638-9000 to find out about all of the services and programs offered to residents of the City of Rancho Cordova.

Thank you again for your excellent recycling efforts. Continue to recycle at your home because what you recycle at curbside has really made a difference.
