Master Plan Overview & Context

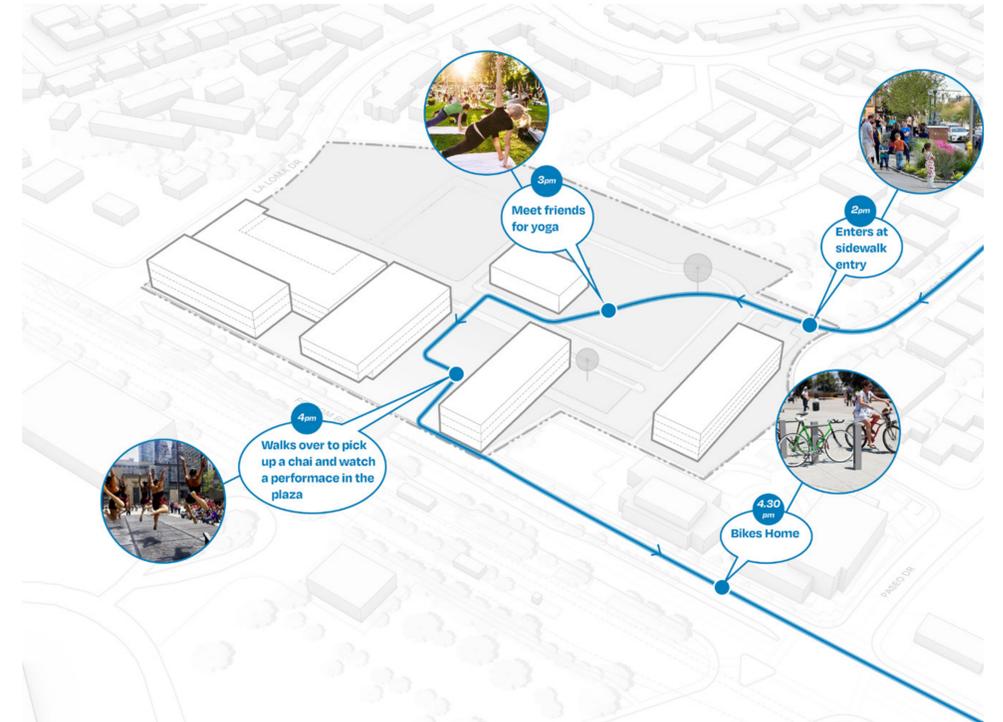

Day in the Life

What would YOUR "Day in the Life" at Mills Crossing be?

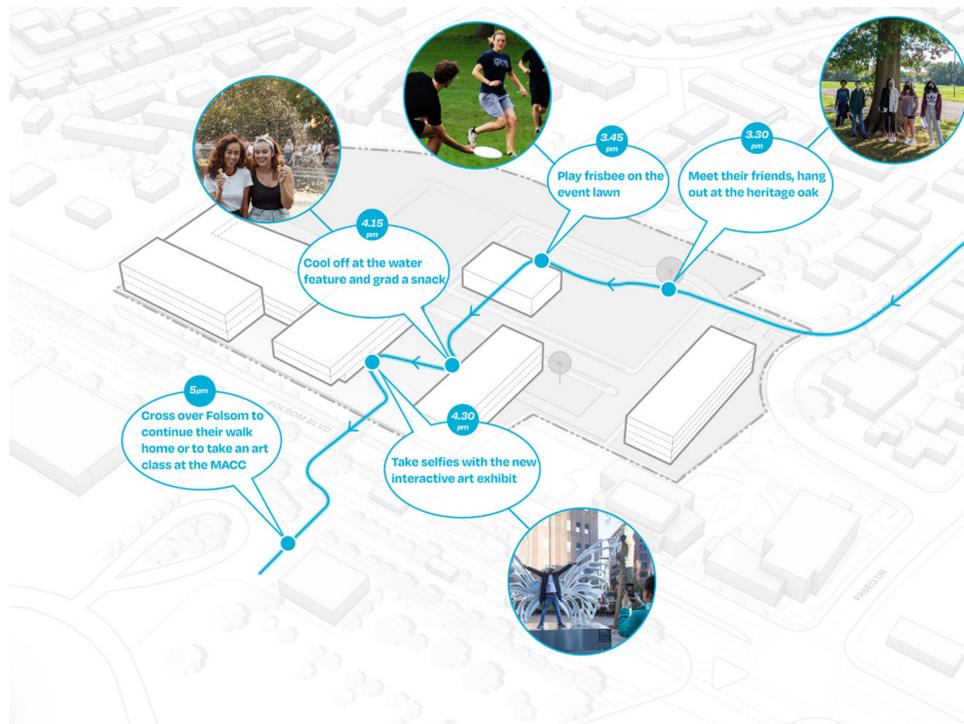

An entrepreneur comes to Alchemist Kitchen to participate in a pop-up event

Residents from north Rancho Cordova drive to the site for an evening event, casual stroll, and people watching

Students walking home from Cordova High School gather in the plaza to take selfies with interactive art pieces and grab a snack

A family from a nearby neighborhood uses the Heritage Trail to bike to the site and check out outdoor art and a pop-up market
