

Grand Opening!

Join us for the grand opening of the new Anatolia-Kavala Ranch Bike Trail!

The half-mile trail connects the Anatolia and Kavala Ranch communities to allow walking or biking between neighborhoods. The project will create a safe, convenient bike and walk route for families going to school or nearby parks, and for residents exploring the community or getting exercise.

The City of Rancho Cordova is a safe and vibrant community that values connected neighborhoods for pedestrians and cyclists. In fact, our City was named a Bronze Level Bicycle Friendly Community by the The League of American Bicyclists.

Let's Celebrate!

Invite your family and friends to join the celebration!

We will kick off the festivities with a brief welcome and ribbon cutting ceremony. Bring your walking shoes or bike and be the first to go on a half-mile stroll on the new trail. Our stroll ends with a neighborhood party that includes a bounce house, face painting, dinner for purchase from a food truck, free ice cream and swag, music, and more!

Monday, September 12, 2016
