2019-2020 FUNDING

Annual allocations of CDBG funds are made by the federal government after the federal budget is approved. The actual amount of funding available under this application will be revised once the City receives an award notification from US Department of Housing and Urban Development (HUD). For planning purposes, the City estimates receiving approximately \$500,000 in CDBG entitlement grant and no program income for the 2019-20 program year.

Please note that 20 percent of the annual funds will be allocated to program administration, and 15 percent for public services (HUD limits public services spending to a maximum of 15 percent of the grant award). Thus, \$75,000 is available for public service programs, and the remaining \$325,000 for capital improvements projects.

ELIGIBLE ACTIVITIES

CDBG may be used for a number of activity types. This application is for nonprofit organizations and public agencies to provide public services, make improvements to public facilities, or address housing needs. All funded activities must primarily benefit low- and moderate- income persons.

APPLICATION REVIEW CRITERIA

Proposed activities will be evaluated on the following criteria:

- **Benefit to Low- and Moderate-Income Persons** - Activities providing a clear benefit to at least 70 percent very low, low- and moderate-income persons or households will be ranked higher than those that do not.
- **Readiness to Proceed** - Project will be evaluated for feasibility of implementation, overall and within the allotted program year time frame.
- **Cost Reasonableness and Effectiveness** - Budgets will be reviewed to determine completeness and reasonableness of all costs related to the request for CDBG funding, as well as cost against benefit. All budgets should factor in the most recent cost estimates available.
- **Activity Management and Implementation** - Applicants must demonstrate the ability to carry out the proposed activities. Each applicant will be evaluated on experience, administrative capacity, and financial management. For organizations which have previously received CDBG funding, performance in prior years will be considered.
- **Experience** - The City will evaluate the applicant's experience implementing similar programs or projects.
- **Past Performance** - For grantees receiving funds from the City in the past five years, the City will evaluate timely expenditure of funds, record of report submission, and progress in meeting identified goals. Applicants who have not received City grants in the previous five years will receive higher points in this category.
- **Matching Contributions** - Consideration will be given to the amount of non-CDBG funds committed to the project. The greater the financial support or leveraging from local and other sources, the greater the potential impact that CDBG funds will have on meeting local community needs.
