Rancho Cordova Breaks Ground on Rio Del Oro Development *Largest Development in City's History Begins Construction*

What: Elliott Homes, Inc. and the City of Rancho Cordova are breaking ground on Rio Del Oro, the largest development in the city's history. Rio Del Oro spans 3,800 acres in Rancho Cordova and could fit Downtown Sacramento in its footprint. The development will feature thousands of new homes, over 7.6 million square feet of commercial, professional and industrial space, one of the largest parks in the region at 130 acres, and the city's next high school. The first phase of Rio Del Oro begins with construction of new single-family homes adjacent to the White Rock Road corridor. The groundbreaking will feature a speaking program and ceremonial turning of the soil.

When: Friday, August 14, 2020 at 10 AM
Attendees are asked to wear a face covering and practice social distancing.

Where: 11466 White Rock Road, Rancho Cordova (look for gate and signage)

Visuals:

- Elliott Homes and City of Rancho Cordova representatives participating in groundbreaking ceremony
- Construction equipment
- Maps of Rio Del Oro (press kit available at CityofRanchoCordova.org/pressroom)

Interviews:

- Harry Elliott, III, President and Owner, Elliott Homes, Inc.
- Mayor David Sander, City of Rancho Cordova

Why: The City of Rancho Cordova is a thriving, safe and fun community where people live, work, learn and play. Rio Del Oro is the result of a long-term partnership between the owner and developer Elliott Homes, Inc. and the city and is the largest of several construction projects planned and

underway in Rancho Cordova. The development will expand the city's housing options, attract new business, generate job opportunities, establish new roadway connections, and provide additional education and recreation spaces.
